

April 2008

Dear Everyone,

Greetings from the UK. How cool is that? Pretty chilly so far, we did pack the pullovers but didn't expect it would actually be snowing in April! We are enjoying staying with Hazel's parents (creating havoc in their house), catching up with friends and family, visiting our favourite places, and getting up with speed with what has been happening in our churches and communities in the last couple of years. Joni is becoming a regular at our church "tiny tots" group on Wednesdays, and we are also enjoying having a public swimming pool just up the road to take him to (something that has been sadly lacking from our neighbourhood in Argentina). Last week he even had his first go on a roundabout when we were meeting some friends in Cambridge!

As far as we have one, the plan is to have a good balance between structured and un-structured time. We have several meetings lined up with churches and groups at

- Chadwell Heath,
- Baldock and Bygrave
- Cambridge
- Littlehey Prison
- Cranham
- Hatfield
- Whitstable
- Welling
- South Darent
- Colchester
- Felixstowe

and we are still waiting for a couple of dates to be confirmed. Apart from that, we hope to set up a couple of meetings with folk who might help us to further our work, as well as sort out our admin issues, catch up with friends, enjoy walks in the green English countryside, and reacquaint ourselves with that best of English traditions; i.e. a good real ale.

Thanks to everyone for all your support, and if we haven't caught up with you yet, remember, resistance is futile.

Love from

Hazel X Martin

and Joni
